I am a 3rd year undergrad at IIT Roorkee. I am enthusiastic about Software development and open source projects. I have been doing software development for past couple of years and I have worked with 4 different companies as Developer intern. I have industry experience of more than 7 months. I have worked on various projects in the field of Frontend/Backend/Mobile app development. I'm currently working on React, React Native, Node, Django technologies. I'm currently learning Django, SQL and some DevOps stuff
